Endangered Resources Donation With your gift, the Endangered Resources Program works to protect and manage native plant and animal species, natural communities, and other natural features. Through the purchase and protection of 415 State Natural Areas, the Endangered Resources Program leads the way in restoration of populations and habitats of rare and endangered species and promotes appreciation, knowledge, and stewardship of endangered resources for present and future generations.

Your donation supports preservation and management of over 200 endangered and threatened Wisconsin plants and animals and our finest remaining examples of prairies, forests, and wetlands. All gifts (up to a total of \$364,000) will be matched by state general purpose revenue, which makes your gift twice as important.
